## ERRATUM TO ON FEEBLY NIL-CLEAN RINGS

MARJAN SHEIBANI ABDOLYOUSEFI, Semnan, NEDA POUYAN, Ahvaz

Received January 17, 2024. Published online January 30, 2024.

*Keywords:* orthogonal idempotent matrix; nilpotent matrix; matrix ring; feebly nil-clean ring

*MSC 2020:* 15A23, 15B33, 16U99

The paper [1] failed to mention that the notion of feebly nil-clean rings was introduced by Danchev, see [2]. The following sentence on page 1:

“In the current paper, we seek to remedy this by looking at an interesting generalization of nil and weakly nil cleanness, which they call feebly nil-clean.”

should be replaced by:

“In the current paper, we seek to remedy this by looking at an interesting generalization of nil and weakly nil cleanness, which was introduced by Danchev, see [2].”
